

Over the years My wife Nikki and I have enjoyed the fun and fellowship of the North East Clown Institute. It has been a wonderful learning experience as well as a place where we have gained friends for life. The Institute is a school, a party and a family reunion.

We thank the institute for the oppertunity over the years for allowing us to be a part and look forward to joining you all back there in 2008.

Thank You and God Bless you all.

Tony & Nikki Jones
